

PROVIDING FOR THE CONSIDERATION OF H.R. 2418, THE
ORGAN PROCUREMENT AND TRANSPLANTATION NET-
WORK AMENDMENTS OF 1999

APRIL 3, 2000.—Referred to the House Calendar and ordered to be printed

Mr. LINDER, from the Committee on Rules,
submitted the following

REPORT

[To accompany H. Res. 454]

The Committee on Rules, having had under consideration House Resolution 454, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for the consideration of H.R. 2418, the Organ Procurement and Transplantation Network Amendments of 1999, under a structured rule. The rule provides one hour of general debate divided equally between the chairman and ranking minority member of the Committee on Commerce.

The rule makes in order the Committee on Commerce amendment in the nature of a substitute now printed in the bill as an original bill for the purpose of amendment. The rule also makes in order only those amendments printed in this report which may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for a division of the question in the House or in the Committee of the Whole.

The rule waives all points of order against the amendment printed in this report. The rule allows the Chairman of the Committee of the Whole to postpone votes during consideration of the bill, and reduce voting time to five minutes on a postponed question if the vote follows a fifteen minute vote. Finally, the rule provides one motion to recommit with or without instructions.
